## EDUCATION

### Bachelor of Science in Software Engineering COMSATS University Islamabad

02/2019 - 01/2023, GPA: 3.70 | Bronze Medalist, 3rd Position

Discipline

- Software Engineering
- **Honors:** 1st Position in Final Year Project.

## PROJECTS

### Blockchain-Enabled Car Buy & Rent Platform (Blox)

Veroke pvt ltd

Achievements/Tasks

- Led QA efforts for a blockchain-enabled car buying and renting platform, ensuring flawless functionality across user workflows, including rentals, purchases, Installment plans and dealer onboarding.
- Designed and executed comprehensive test plans for key features such as installment payments, Blox token rewards, and seamless API integrations with dealer systems.
- Streamlined defect identification and resolution using [Notion, Redmin], achieving 70% bug traceability and contributing to timely feature releases.

### Mckinsey - Saudi National Job Creation and ERP Portal

Veroke pvt ltd

Achievements/Tasks

- Performed comprehensive QA testing for a Saudi government ERP portal, ensuring seamless onboarding of companies and employees while enabling efficient tracking of job creation and sector-wise employment statistics.
- Validated HR operations, resource management features, and project declaration workflows to enhance system reliability and support government monitoring of employment trends and funding allocations.
- Collaborated with cross-functional teams to identify and resolve critical defects, ensuring compliance with government standards and improving the portal's overall performance and usability.
- Used tools like Notion for tracking of bugs and project plans.

### American Express@WORKS – American Express Business

Veroke pvt ltd

Achievements/Tasks

- Conducted comprehensive manual and automated testing, reducing defect rate by 40% and improving user experience across multiple devices.
- Enhanced testing efficiency by 25% using JIRA for bug tracking and regression testing, facilitating continuous integration.

## SKILLS

Test Planning & Execution	Regression & Functional Testing
Black Box & White Box Testing	Testrail & Google-Sheets
Performance & Load Testing	Jira, Notion, Redmine
Selenium (Test NG)	

## HONOURS AND AWARDS

Campus Bronze Medal (04/2023)

- **Awarded By:** COMSATS University Islamabad

1st Position in Final year project in Computer Science Department (01/2023)

- **Awarded By:** COMSATS University Islamabad
- **Project title:** Automation for dairy industry

## WORK EXPERIENCE

SQA Engineer at Veroke - Full Time Job (Hybrid)(11/2023 - Present)

Performed QA analysis across multiple domains, including fintech, edtech, and commercial applications, ensuring enhanced software quality and user experience. Successfully managed and tested multiple projects concurrently, demonstrating strong multitasking and analytical skills.

Game QA Analyst at we.R.play - Full-Time Job (Hybrid) (01/2023 - 11/2023)
